3. [REDACTED] was in to say goodbye, his resignation being effective the end of the month. Although he does not have a job he is certainly leaving the Agency with the feeling that he has had a square deal and, in fact, appears to be most grateful for the consideration he has had since he initially turned in his resignation shortly before the first of April.

5. I had almost an hour's discussion with [REDACTED] about the Management Staff. It is obvious he does not think that we have particularly good personnel on the Staff<sup>25X1A</sup> and it is further obvious that they are not really very busy.
